SPECIAL EDUCATION FOR EXCEPTIONAL KIDS

Supported/Customized Employment Program

PROGRAM GOALS & OVERVIEW:

- Comprehensive Interest/Vocational Assessment, Job Analysis, Job Development, and Assessment of Supports are conducted to determine consumers' skill level, preference, and support needed in the integrated work settings.
- Comprehensive, customized employment approach assesses for employer's unmet needs which may result in potential job opportunities.
- Written, pictorial, or video job portfolio/resume is created to represent prospective job seeker to employers.
- Skill development based on evidence-based methodologies will maximize the consumer's learning and performance. Ongoing data analysis and empirical literature informs clinical decisions.
- Existing co-workers and supervisors will be trained to structure natural contingencies and maintain learned skills. Ongoing support and training are conducted to insure program efficacy.
- Equitable wages and other employment benefits are advocated to the maximum possible extent. SEEK Education also works with various partnering agencies (e.g., Department of Rehabilitation, regional centers, etc.) to streamline the administrative process for the consumer.
